Dear Mr. Thomas:

Each year, at the end of the VA fiscal year (September 30, 2015), the VA Voluntary Service (VAVS) Office reviews all member organizations on the VAVS National Advisory Committee (NAC) to determine if NAC organizations have maintained the minimum criteria for continued membership.

The enclosed end-of-year report (VHA 37) indicates that your organization has met or exceeded the Service Member criteria of maintaining VAVS Representatives assigned to at least twenty-five (25) local VAVS committees.

**Congratulations!** As of September 30, 2015, your organization met the minimum membership criteria for the Service Member category as outlined under VAVS NAC Standard Operating Procedures (SOP). Effective October 1, 2015, your organization was changed from "Associate Service Member" to "Service Member" in the NAC membership status. Additionally, please review the enclosed NAC SOP for sustaining NAC Service Membership status, and congratulations on achieving your organization's voting privileges.

We look forward to your continued participation. Please contact our office at (202) 461-7300 should you have any questions.

Sincerely,

A handwritten signature in black ink, reading "Sabrina C. Clark".
